#### Introduction

#### **Application for Withdrawal of Accumulated Total Deductions (Refund Form)**

Pursuant to Massachusetts General Laws, Chapter 32, Section 10(4)

Form Last Revised: June, 2021

The Application for Withdrawal of Accumulated Total Deductions (Member) allows an eligible member to receive a refund of the accumulated total deductions in his or her annuity savings (retirement) account. An eligible member is a member who:

- Has terminated employment with the governmental employer sponsoring the plan and is not seeking to be restored to his or her position;
- Has no intention to accept a position in the service of the Commonwealth or any political subdivision thereof which would entitle him or her to become a member of any similar contributory retirement system;
- Is not receiving a retirement allowance; or
- Is not receiving Workers' Compensation.

Members are advised to review the following and address any questions or concerns to your retirement board:

- The amount of interest that members receive will vary, depending upon the years of creditable service and the nature of the separation from employment.
- Your employer must certify the termination of your employment, that you owe no obligation to the employer under an employee benefit plan, and sign this application.
- Your retirement board will determine if you are eligible for a refund of your accumulated total deductions.

#### **Important Notice**

Be aware that if you take a refund of your retirement contributions you will terminate your membership and your rights in the retirement system. If you later return to Massachusetts public service on or after April 2, 2012 after receiving a refund, **YOU WILL BE CONSIDERED A NEW EMPLOYEE** and will be subject to the law then in effect.

If you became a member prior to April 2, 2012, and you take your money out of the system, you will be subject to changes in the law brought about by Chapter 176 of the Acts of 2011, including, but not limited to, the following:

- A new age factor table that will require you to work longer for the same or a similar benefit that you would receive under the previous law.
- An increase in the salary average period used in the retirement benefit calculation formula from 3
  years to 5 years.
- An increase in the minimum retirement age from age 55 to 60 (Group 1 only).
